

# HEATED GLOVES

SPECIFICATIONS FOR:

**VARME**

XPR-Tex®

The image shows a pair of black heated gloves with a white stripe on the wrist. A red charging cable is plugged into the back of the left glove. The background is a white snowy landscape under a blue sky. The DANE logo is in the top left corner.

**FYRE**

The image shows a pair of black heated gloves with a white stripe on the wrist. A red charging cable is plugged into the back of the left glove. The background is a white snowy landscape under a blue sky. The DANE logo is in the top left corner, and the GORETEX logo is at the bottom.

# ADVENTURE AWAITS!

With your new pair of Dane heated motor gloves you'll be able to venture further, longer and in more comfort than ever before. Challenge nature by driving beyond cold frontiers or through storms, to find that thrill only adventure can provide.

## SPECIFICATIONS

Your new pair of Dane gloves are heated by a Carbonfiber type heater, a **5 finger** and **backhand** heating system. The thumb is enhanced by a reinforced part of the heating system.

13w / 2h

## THIS BOX INCLUDES

- 1 pair of Dane heated gloves,
- 2 batteries,
- 1 battery charger.

Motorcycle battery connection cables A & B are not included, though can be acquired optionally.
